Each paper letter or communication relating to an international application during the international stage for which a date of filing is to be obtained as of the date of mailing must have its own certificate and the "Express Mail" label number as a part thereof or attached thereto. When, as here, the certification is presented on a separate sheet, that sheet must (1) be signed and (2) fully identify and be securely attached to the paper or fee it accompanies. Identification should include the serial number and filing date of the application as well as the type of paper being filed, e.g. complete application, specification and drawings, responses to rejection or refusal, notice of appeal, etc. If the serial number of the application is not known, the identification should include at least the name of the inventor(s) and the title of the invention.

The label number need not be placed on each page. It should, however, be placed on the first page of each separate document, such as, a new application, amendment, assignment, and transmittal letter or a fee, along with the certificate of mailing by "Express Mail". Although the label number may be on checks, such a practice is not required. In order not to deface formal drawings it is suggested that the label number be placed on the back of each formal drawing or the drawings be accompanied by a set of informal drawings on which the label number is placed.

FURTHER RESPONSE TO DECISION ON PETITION UNDER 37 CFR 1.10
AND
REQUEST FOR REFUND

Since the Response of April 12, 2002, it has come to attention that, in addition to the difficulties described therein, the Elected Office has opened another US application file 10/110,576 for the same above-captioned RU application.

The undersigned has attempted to call this to the attention of the office but the Decision Of March 28, 2002, appears to indicate wrong or changed telephone numbers.

The applicant requests consolidation of the two US application files
and a filing date of November 16, 2001.

Refund to deposit account 12-0425 of the charge of \$445.00 (fee
code 971~~2~~ and SEQ 96) of April 22, 2002, is also requested.

Respectfully submitted,
